Ahmedabad-9 (Gujarat)

16th January, 1969;

My dear Dr. Saiyidain,

Many thanks for your letter dated 8-1-1969. Indeed I am most thankful to you for your kind consent to deliver the Tagore Lectures this year at my University. I hope you have by now received the following telegram I sent to you yesterday :

" RELET 8TH. THANKS FOR ACCEPTING INVITATION.
LETTER FOLLOWS."

The dates will be fixed to suit your convenience. I shall, therefore, feel grateful if you will kindly suggest the dates most suitable to you. May I suggest that any three consecutive dates in the month of February will be most suitable for our students and teachers in the various affiliated colleges/institutions and departments which close for the Summer Vacation on the 15th of March. I have purposely kept the month of March out of my suggestion, as our teachers and students will be very much preoccupied with the examinations. It will be most helpful if you could at your earliest convenience indicate the titles of the subject of your lectures.

With the kindest regards,

Yours sincerely
Umashankar Joshi
