Extra No. 210

September 22, 1941.

Dear Mr. Saiyidain,

I was hoping to do myself the pleasure of being present at your Conference and participating in the discussions. The pleasure would have been enhanced by the surroundings and by the fact that you would have been guiding our deliberations. Let me tell you that you made a great impression at the Conference at Udaipur, and I wrote at the time to Sir Gopaldaswamy Aiyangar congratulating the Kashmir State on having so excellent<sup>a</sup> Director in you. These are not conventional words of praise but express what exactly I felt. In these circumstances, you can conceive how sorry I am to have missed being at the Conference and getting to know more of you.

Pressure of business here prevents me from undertaking the journey to Kashmir.

the circumstances, will you please accept my apologies and convey them to the other authorities of the Conference?

I am sorry that my daughter Mrs. Rangaswamy is unable to come as she is not very well and the journey is too long for her to undertake by herself.

Many kind regards.

Yours sincerely,

*T. Vijayaraghavachari*
