

P & O STRATHAIRD

19-2-'38.

Dear Saigichain,

Here you are. I hope you can
read it - if not, interpret the illegible parts
presumably! I hope, also, that you will like
my efforts. I have tried to be honest and not
to allow my warm appreciation to make me
inevitable. Make any use of it you like.

I have asked Satter Davies to get to work,
and he promised to do so. But we are
in the Red Sea ---.

More power to your elbow, and may you flourish.

Salute,
Laurie Gilliacus
