To Whom It May Concern:

In my capacity as coordinator of elementary teacher education, I have observed Miss Doris A. Kerns as supervising critic teacher of primary children, and instructor of college classes. I can recommend her most enthusiastically. She is thoroughly conversant with the best of educational theory and practice. She works with insight and dynamic energy, that educate and inspire most effectively.

She has poise, personal charm, varied interests, fluency of expression. I predict that she will go far in teacher education.
