Dear Prof. Saiyidani:

The Council of the World Association of World Federalists recently made a number of new appointments of its panel of Advisory Board members, in accordance with the Statutes of our Association.

We have long been aware of the deep interest you have taken in the need to strengthen the United Nations in order that it may become a truly effective world organization in the service of mankind. I am very pleased, therefore, to extend to you on behalf of our Council, an invitation to serve our organization as a member of its Advisory Board.

The position of an Advisory Board member carries no specific responsibilities. We will of course keep you closely informed on our organization's program and activities and, should you be able to participate in any way, we would be delighted.

The World Association of World Federalists has achieved encouraging progress during recent years and has won recognition by many world leaders including UN Secretary General U Thant. I enclose for your review a special edition of our world magazine published soon after our 1970 World Congress in Ottawa, Canada.

If you are able to accept this invitation to serve as a member of WAWF's Advisory Board we would be pleased and honored.

Yours sincerely,

(Andrew A. D. Clarke),
Secretary General

Yours sincerely,
